April 2026

Dear Resident / School Administrator,

We are writing to inform you of upcoming construction works that will affect the footpath surrounding our site.

The works are scheduled to commence on **27th April** and are expected to last for approximately **two weeks**, subject to weather and site conditions.

During this period, the footpath adjacent to our site will be closed for the duration of the works to ensure the safety of pedestrians and our workforce. We kindly ask that all pedestrians follow the clearly marked diversion routes that will be in place.

In addition, temporary traffic management measures will be implemented, including traffic light-controlled vehicle flow. To further support safety during busy school drop-off and pick-up times, trained marshals will be present to assist pedestrians with safe road crossings.

We understand that these works may cause some temporary inconvenience, especially for nearby residents, parents, and school staff. We appreciate your patience and cooperation while we carry out these necessary improvements safely and efficiently.

If you have any questions or require further information, please do not hesitate to contact us at **01253 696 800** or email us at info@tysonconstruction.co.uk.

Thank you for your understanding.

Kind Regards

Jordan Whelan
Head of Construction
